New areas of NSW Disaster Declared from recent floods

January 22, 2011

Emergency Services Minister Steve Whan today announced that following recent assessments he was adding ten new Local Government Areas to those declared Natural Disasters from the December and January floods.

“The improved weather across NSW is a welcome relief, but as the water recedes it reveals the true extent of the damage,” Mr Whan said.

“As a result, today I am adding Central Darling, Cobar, Conargo, Hay, Jerilderie, Junee, Murray, Lachlan and Berrigan Shires and the Unincorporated Area of NSW to the list of areas Natural Disaster affected.

“This brings the total number of councils Natural Disaster declared since 1 December to 77.

“These councils cover large areas of inland NSW, and have many hundreds of kilometres of gravel roads and dozens of bridges impacted by the heavy rain and flooding.”

Mr Whan said the Unincorporated Area - the vast expanse of land around Broken Hill - had also suffered considerable damage to its roads, bridges and other critical infrastructure, and showed just how widespread the flooding over the last few weeks had been.

“From Wagga to Bourke and from the Central Darling to the Far North Coast, few regions have been spared from this extraordinarily intense and damaging weather system.

“Primary producers and small business owners impacted in these new disaster affected areas will also receive a helping hand through one-off grants of up to 15,000 to assist in clean-up and restoration through the Natural Disaster Relief and Recovery Arrangements, jointly funded by the State and Commonwealth Governments,” Mr Whan said.

Primary producers requiring assistance for their livestock or landholders wanting to report flood damage to their properties should call the Industry and Investment NSW hotline on 1800 814 647.

- **Motor Vehicle Stamp Duty Relief**

Motorists whose cars have been written off as a result of a natural disaster may be eligible for a stamp duty refund on their replacement vehicle. Refunds are made where the written off vehicle was comprehensively insured and the insurance does not cover duty for a replacement vehicle. The Office of State Revenue administers these refunds and can be contacted on 1300 139 814. Website: www.osr.nsw.gov.au

- **Commonwealth/State Natural Disaster Arrangements**

The above Schemes are eligible for Australian Government financial assistance, usually by way of partial reimbursement of actual expenditure, under Australian Government Natural Disaster Relief and Recovery Arrangements. Under the cost sharing formula, NSW pays for the first \$119.7 million of natural disaster costs each year, and can claim from the Australian Government half of all eligible Personal Hardship and Distress costs within this first threshold. The Australian Government then matches NSW expenditure for costs between \$119.7 million, and \$209.5 million and beyond that covers three quarters of all costs.
