## Natural disaster declaration for Forbes Shire

March 9, 2010

Emergency Services Minister Steve Whan has announced a natural disaster declaration for the Forbes Shire in Western NSW.

Mr Whan said heavy rainfall and subsequent flooding on February 13 and 14 had caused substantial damage throughout the Shire.

"Hundreds of millimetres of rain have fallen over Western NSW in recent weeks causing widespread damage to infrastructure and other facilities in areas including the Forbes district, Central Darling and Parkes shires and the Unincorporated Area near Broken Hill," Mr Whan said.

"Kilometres of sealed roads have been damaged by the flooding and numerous unsealed roads have been washed away in places.

"Bridges, culverts and causeways in the area have also been damaged.

"This declaration means that a range of people who have suffered property damage, including residents, primary producers and business owners, can seek assistance.

"In particular, this Natural Disaster Declaration will assist the Forbes Shire Council with the cost of repairing damage to infrastructure," Mr Whan said.

"The Keneally Government stands ready to provide this community with the assistance it needs."

Mr Whan again congratulated the members of the State Emergency Service (SES) for their hard work in Western NSW.

"The SES and other emergency services have worked throughout the rain and flooding, protecting their communities during this time of great need and have done an outstanding job," he said.

\* **Trustees of Parks and Reserves**

Provided the facilities concerned constitute "public assets", grants may be made available to those parties (e.g. trustees) responsible for managing Crown Land, parks and reserves, who do not have the financial capacity to meet restoration costs from their own resources. \* **Sporting Clubs**

A special scheme is available to assist sporting clubs in meeting the costs of restoration of essential club facilities that have been damaged or destroyed. The assistance is made available to those clubs which do not have the financial capacity to meet restoration costs from their own resources, but which have the capacity to repay any loan that may be granted.

Loan assistance is available to churches and voluntary non-profit organisations for the restoration of essential facilities that have been damaged or destroyed. Eligible groups will usually perform a service for the community or environment and are funded by grants or donations.

Non-profit organisations that perform a commercial function, charge a fee for a service or represent commercial or industrial groups, e.g. industry bodies are not eligible for assistance. These organisations can recover costs from their members or through fees.

As with other schemes, assistance is only available to those organisations which do not have the financial capacity to meet restoration costs from their own resources, insurance and are unable to obtain assistance through normal channels.

Advances are subject to a maximum of \$25,000 at 2.56 per cent interest per annum. Treasury administers this scheme. The contact person is Brian Lin on (02) 9228 5198.

\* **Commonwealth/State Natural Disaster Arrangements**

The above Schemes are eligible for Australian Government financial assistance, usually by way of partial reimbursement of actual expenditure, under Australian Government Natural Disaster Relief and Recovery Arrangements. Under the cost sharing formula, NSW pays for the first \$111.1 million of natural disaster costs each year, and can claim from the Australian Government half of all eligible Personal Hardship and Distress costs within this first threshold. The Australian Government then matches NSW expenditure for costs between \$111.1 million, and \$194.4 million and beyond that covers three quarters of all costs.
